

No Vision Plan? No Problem...Our Vision Club has You Covered

No Vision Insurance? No Problem...

Many of our patients are surprised by how much their co-pays are with their vision plans. In fact, we are often asked, "Why do I even have a vision plan?"...which is a great question.

We understand how complicated vision plans can be. Since 2005 we have helped thousands of patients work through their benefits and save money...usually by using our VISION CLUB pricing instead of their vision benefits.

Our "Deli" Method – A Simple Way to Buy Your New Glasses

- 1 – Select a Frame**
- 2 – Select a Lens**
- 3 – Select Your Lens Options**
